

LNW RESEARCH CORPORATION

2620 "A" Walnut Ave., Tustin, CA 92680 • (714) 544-5744

Thank you for your interest in our products. Enclosed are the LNW80 computer system details which you have requested. The LNW80 has the performance and features of systems costing much more yet remains 100% compatible with the TRS80 Model 1.

The LNW80 computer offers unparalleled graphics and color. It has, as STANDARD, the built in interfaces for cassette, printer, 5 and 8 inch floppy disk drives (single AND DOUBLE density), RS232 for communications, real time clock, and expansion bus. The LNW80 combines all these features and a professional 74 key keyboard including a 10 key numeric pad in a solid, sleek, steel enclosure.

We feel confident that once you've compared the LNW80 system with ANY OTHER COMPUTER you will see why the LNW80 is NUMBER ONE in performance, features, ease of operation, software availability and value.

Also, enclosed are the details of our new high performance personal computer, the LNW80 Model 2 (LNW80 II). The LNW80 II has all the great features of the LNW80 but also adds 100% compatibility with CP/M and CDOS (Cromemco). The LNW80 II also sports 64K of user RAM in addition to the 12K Microsoft ROM BASIC and 16K of graphics RAM.

There is a high demand for the LNW80 system. Our current delivery is running about 2 weeks, with large quantity orders requiring at least 30 days notice. Delivery of the LNW80 II is also at 2 weeks.

If you have any further questions about the LNW80 or the LNW80 II feel free to contact us.
